APPENDIX

Special Exception 1: for a new restaurant to occupy approximately 5,700 SF on the first floor with 130 total inside seats.
(Possible Future Special Exception: for a total of 20 Outdoor/Terrace Café Seats on the first floor terrace in association with a public restaurant.)

Special Exception 2: for a private social club on the second floor for Robin Birley with 300 members, a total of 170 seats at tables and bars, 10,947 SF of area, and 1,000SF of BOH operations.

Special Exception 3: for a total of 20 Outdoor/Terrace Café Seats on the second floor terrace in association with a private social club.

Special Exception 4: for Retail Specialty Foods bakery "Birley Bakery" on the first floor with approximately 520 SF of area.

Special Exception 5: Section 134-1159(a)(9) – Retail space over 4,000 GLA – Special Exception approval is being requested for 7,770 SF on the first floor for a luxury retail/jewelry store.*

Special Exception 6: Section 134-1159(a)(9) – Retail space over 4,000 GLA – Special Exception approval is being requested for 18,075 SF on the second floor for a Health and Wellness Spa. *

Special Exception 7: Section 134-2182(b)&(c) – On-site Shared Parking – Special Exception approval is being requested for onsite shared parking for the restaurant and social clubs to use the retail parking spaces in the evening when the retail is closed.

Special Exception 8: for stacking/tandem parking of 38 automobiles in the valet only operated parking garage rooftop level. * indicates future additional special exception application required when operator is secured.

Site Plan Review 1: Site Plan Review in the C-WA Zoning District.

Variance 1: to not supply 53 parking spaces on site with the proposed reconfiguration.

Variance 2: to exceed the maximum height of mechanical equipment (cooling tower) by 15' where 10' is permitted and 25' is proposed.

Variance 3: to exceed the maximum overall height of 30' by 17'-0".

SPECIAL EXCEPTION & VARIANCES

By comparison, sub-dividing the same footprint into standard retail configurations would logically generate much heavier, continuous traffic, yet our current schedule equates them as same:

THE PROPOSED USES

2 spaces | 25,845 SF total

130 spaces required

ALTERNATIVE OPTION A

8 retail spaces (3,750 SF each) | 30,000 SF total

150 spaces required
